01:31:37   Mark Spieglan: No one knows what "everyone" is experiencing. Better to ask iif anyone is having problems.
01:31:41   Hemant Sharma: now there is little bit disturbance in audio too
01:31:44   Marija Bikovska: audio is good but the video is frozen
01:31:45   Tyler Letendre: Air Force Gaming https://www.af.mil/News/Article-Display/Article/2427781/af-services-center-debuts-air-force-gaming/ and the other link I shared was CyberPatriot, I have had students from all over the world truly immerse themselves in one or the other given the right environment and team building done by coach and/or mentors.
01:31:57   Ringo Sapp: Video is moving now, but audio is still a little stoppy
01:31:59   Juan Manuel Lara Croes: Same here, audio's fine but the video is frozen
01:32:00   Tyler Letendre: https://www.uscyberpatriot.org/
01:32:11   Aayush: please make your video appear in full screen
01:32:28   Shima kumari sah: yess
01:32:29   Theresa Vonbecker: My son participated in high school e sports.

01:32:30   Missy Brosius: Aayush, the problem is on your end. I can see it full screen

01:32:32   Clifton Roozeboom - PocketLab: We're working on the audio and video feed right now. Thanks!

01:32:33   Scott Kiessig - ScIC | PocketLab: Please make sure to set your chat setting to "panelists and attendees" so everyone can see your comments and questions.

01:32:57   Arjun Dhamala: there is no interaction...feeling like not in a meeting...plz hosts consider it

01:33:21   Senura Ranmina: Hello all from Sri lanka 🇱🇰

01:33:23   Georgescu Cristina: Do we get a certificate of attendance?

01:33:31   Tyler Letendre: for the biology buffs out there also check out the RNA simulation here... https://www.pbs.org/wgbh/nova/labs/lab/rna/

01:33:47   Scott Kiessig - ScIC | PocketLab: A professional development certificate will be provided to everyone who attends live!

01:33:59   Rayla Parquet: are esports just focused on MS and HS scholars? PreK-8th Gr Technology Teacher here

01:34:10   Yog Raj Dhakal: How long will this conference going to be ??

01:34:27   Tyler Letendre: Google's Hour of Code is k-8

01:34:31   Hemant Sharma: should games be added in our school curriculum?

01:34:36   Princess Puli: 👏 Hi! Thanks for the schedule. You're doing great Pocketlab 💜

01:34:39   Shima kumari sah: yes same question

01:34:54   Rajina KC: ❤️❤️❤️

01:34:59   Amy Freeman Drew: how does a school start an esport program?

01:35:08   Leah Young-Chung: hello from California! We have been trying to figure out how to integrate virtual platforms to engage our STEM Students. this is awesome.

01:35:36   Tyler Letendre: I began volunteering the opportunity to students, raised a team and after a year I was given a stipend

01:35:49   Katherine Cachiotis: How can we utilize these strategies when our infrastructure barely allows streaming?

01:35:53   Rajina KC: How does a school start an esport program?

01:36:01   Tyler Letendre: it was considered a STEM enrichment stipend

01:36:09   Hemant Sharma: I wanna listen from Neil tyoson😂

01:36:16   Shima kumari sah: yess

01:36:20   Shima kumari sah: me too
01:36:27   Yog Raj Dhakal: me too
01:36:27   Ruth Worona: My province's math curriculum has added a coding section this year and this scares some teachers a lot. Can you give some direction for how to help teachers begin the process of learning more and getting more involved in esports and games along with their students?
01:36:33   Scott Kiessig - ScIC | PocketLab: Drop your questions in the chat for the q&a section coming up!
01:36:38   Missy Brosius: If you want Neil, look at the schedule and come back later.
01:36:54   Scott Kiessig - ScIC | PocketLab: Access a cheat sheet of Esports/game terminology here https://docs.google.com/document/d/1Bn7FHav6asexQgvuZaJDydEu1sLDIlccn03537WTHQQ/edit?usp=sharing
01:36:59   William Perry: there are lots of programs that help you start an esports program. I use PlayVS which can help you get started, and helps to organize the season
01:37:14   Princess Puli: Coding is really good! I hope we have that in our Math curriculum too.
01:37:21   Ruth Worona: Thanks for that, I'll look it up
01:37:23   Tyler Letendre: I suggest volunteering, start with asking students who may want to engage with an after school club for games and responsible tech use
01:37:24   Adrienne Sawyer: Nice cheat sheet!
01:37:51   David Lance: Biology Buffs! - check out this gamified simulation of viruses - original research funded by Gates Foundation: https://youtu.be/U8omIzctyX0
01:37:52   Shima kumari sah: hiiii
01:37:53   Sajid Ali: very informative
01:37:55   Alaa Abu nejem: Hello from palestine 🇵🇸
01:37:56   Amanda Peters: Thank You Constance!
